

CLASS CA & CB

CN, CNS / CANADIAN FUSES

CLASS CA AND CB FUSES

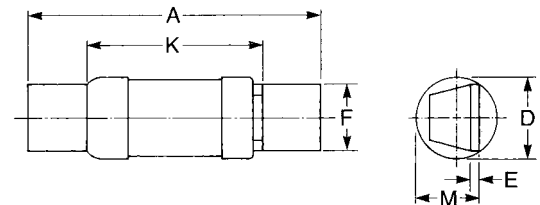

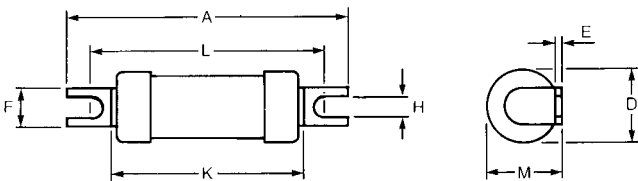

Ferraz Shawmut Canadian Class CA and CB fuses are bolt-in type, interchangeable with older Canadian Form I/HRCI fuses for exact replacement. They are not interchangeable with other North American fuses. CA and CB fuses are full-range, current-limiting fuses with a high interrupting rating.

Ratings

- **AC:** 1 to 30A
600VAC, 200kA I.R.

Approvals

- CSA Certified to Standard C22.2, No. 248.3
